

I Choose

Irene Boggs

I know

I know

I know

That I can choose, today

I choose this day I feel magic in the air

I choose this day see beauty everywhere

I choose this day as mine to create

I know, that I can choose today

Start my day off right

With intention and purpose

Tell myself that I'm worth it

Energy collide

Body feeling contracted

Tell me what just happened?

When I think that everything's going down and it's all over

When I think that everyone's got a frown and getting colder

When I think that everything's going down and it's all over

I know, I can choose today

I choose this day I feel magic in the air

I choose this day see beauty everywhere

I choose this day as mine to create

I know, I can choose today

All I see it grey outside

Clouds heavy, there's no Sun in sight

Like swimming up stream

If you know what I mean

I must be focused on the wrong thing

I Pause, breathe, and slowly release

Jack the paradigm with inner peace

When it comes down to don'ts and do's

The most powerful move is the choice to choose

I'm choosing my life, I'm choosing my life

Just Believe

Irene Boggs

Even when I think I've given all that I've got
I reach deep inside and see it's really not

1,2,3,4
Look who's knocking at the door
5,6,7,8
Leave the doubters at the gate
1,2,3,4
Something's calling me to more
5,6,7,8
Leave your worry at the gate

Defeated
No longer
I feel it getting stronger
Empowered
I'm winning
You see just the beginning
I tap into what's possible in me
And all I have to do is Just Believe

Defeated
No longer
I feel it getting stronger
Empowered
I'm winning
You see just the beginning
I tap into what's possible in me
And all I have to do is Just Believe

I fought I did, I felt so small
I thought I failed, I gave my all

I Believe, I Believe

I took a breath, then got back up
Regrouped my head , I filled up my cup

And all I had to do was Just Believe

Powerful, Unstoppable, Unleashed (Repeat 4 times)

All I've Got

Irene Boggs and Derek Butler

No more wasting time
No more wasting lies
It's time to see what it's like on the other side
No more wasting dreams
Its time to be free
I look in the mirror and brave is what I see

There's more in store
I just gotta believe in what I'm searching for
I take a leap of faith
I got it, I got it, I got it

If I wanna receive it
Gotta' come from it
If I can dream it
Then I can live it

If I wanna receive it
Gotta' come from it
If I can dream it
Then I can live it

Give it all that you've got
Now is not the time to stop
Give it all that you 've got
I'm giving all I've got

Give it all that you've got
Now is not the time to stop
Give it all that you 've got
I'm giving all I've got

I've got my strategy
I'm sticking to my plan
I'll bring it to life, If I hold it with both hands

Now that I claim, "Yes!"

Larger than life

Pinkzebra

Here's your story, let's begin
The water's fine, come on dive in
The future's here, it's right before your eyes

Step by step you're on your way
Welcome to a brighter day
Don't you know, it feels good to be alive

You could be larger than life
Bigger than the world
Living out the hopes and dreams
Of every boy and every girl

You could fly higher than the sky
Shine brighter than the stars
You could have all you ever wanted
Shoot the moon and reach for Mars
You know you could

Time's are changing everywhere
Do we dream, and do we dare
It's up to you, the door is open wide

Feel the rhythm of today
Learn the part and join the play
The world is here, let's take it for a ride

You could be larger than life
Bigger than the world
Living out the hopes and dreams
Of every boy and every girl

You could fly higher than the sky
Shine brighter than the stars
You could have all you ever wanted
Shoot the moon and reach for Mars
